

### Children's Church Statement of Purpose:

We believe the children are our future. We believe it's our responsibility, not only as adults but as "leaders," to lead the children in the right direction. If we give our best and God's ALL, then our children will be enabled to take their knowledge and direction to other children and build a chain all over the city. There is power in our children. The children are not held back by fear of what they say or who they say it to. We believe that when we, the leaders, become stronger in our faith and conquer our fears, then we can build a chain as the children will do. One child tells another child, and then they tell their friends and family, and so on.

We believe our job is to stay focused in God and stay strong in our studies and prayer so that we can be strong leaders for the children. We believe that through patience and fun that all children's workers can lead the children to Christ and, through them, touch the city.

### Objective

To partner with parents, family members and the church body in instilling a deep-seated desire to:

- Love Christ (Know)
- Live for Christ (Serve)
- Lead others to Christ (Evangelize)
